EDUCATION:

NewSchool of Architecture & Design (San Diego, CA)

Master of Architecture, 2013

University of California, Riverside (Riverside, CA)

Bachelor of Science in Mechanical Engineering, 2010

PROFESSIONAL EXPERIENCE:

THE DIEHL GROUP ARCHITECTS, INC., Encinitas, CA (2014 – Present)

Technical Assistant I / Project Manager. Forensic responsibilities include zoning/code analysis, drafting of details to assist in the repair of damaged/defective building components and/or assemblies, project management, field investigation, failure analysis, applicable standards research, development of repair solutions and trial preparation for construction defect litigation.

Investigations require technical investigation and research regarding suspected design and building problems through corroboration and comparison of as-built conditions, design parameters, governmental requirements, manufacturers requirements and applicable industry standards of care.

DOMEIAR ARCHITECTS, INC., San Diego, CA (2013 – 2014)

Junior Designer and Inspector. Architectural responsibilities include zoning/code analysis, space planning, schematic design, programming, drafting, graphic design, and project management. Forensic responsibilities include field investigations, defect issue reports, cost of repair estimates, scope of work analysis, and subcontractor allocations.

Noted responsibilities include creating schematic design, including renderings and floor plans, for fire station rehabilitation proposal that would bring the existing structure up-to-date with modern standards while retaining the original character of the building. Company brand and character was emphasized while designing company brochures, letterhead, and promotional materials for business development.
